SUMMARY

The National RN Practice Development Center LLC provides nursing role and practice development education for Registered Nurses consistent with national nursing workforce initiatives, health equity and population health.

CAPABILITIES

- Individual and cohort education delivery options available
- Easy to navigate, user friendly online classroom
- Synchronous and Asynchronous learning options including Blended/Scheduled Classes and Faculty Guided Online Independent Study
- Curriculum design supports rapid translation of new knowledge into practice as verified by continuous learner feedback
- Courses are easily completed in 30-60 days
- System specific content includes the Veterans Health Administration and the Indian Health Service
- All National RN contact hours are approved by the American Nurses Credentialing Center (ANCC) and recognized in all U.S. states and territories
- Tuition includes faculty instruction and course materials. Credit card payment accepted.

PAST AND CURRENT EXPERIENCE

Experience working collaboratively with VHA, IHS and Tribal Affiliates, Public Health, Federally Qualified Health Centers, Rural Health Cooperatives, Academic Medical Centers and private sector healthcare organizations.

DIFFERENTIATORS

- Our nationally recognized professional nursing programs are fully vetted and are developed, taught and continually updated by expert nursing faculty.
- Our certificate program format provides an efficient way to equip practicing nurses with the specialized competencies required of their new roles.
- Healthcare organizations can use our programs to establish a consistent standard of nursing role development which can then be augmented with their own organization-specific orientation and trainings.
- Recognized as a Top Health Education Services Provider by Healthcare Business Review <https://www.healthcarebusinessreview.com/national-registered-nurse-practice-development-center>
